NEW

Mathematics and Dyscalculia

Price: £14.99

Mathematics and Dyscalculia is a useful, resourceful and practical guide providing ideas, strategies and support to individuals with specific learning difficulties such as Dyscalculia and other overlapping learning difficulties. It can be used at home or at school.

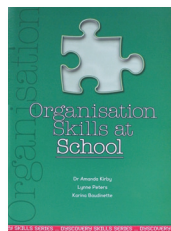

100 Ideas for Supporting Pupils with Dyspraxia and DCD

Price: £9.99

This useful, resourceful and practical guide provides those working with Dyspraxia and DCD children with one hundred ideas of how to support and develop their learning. Lists cover the entire school age range, and cover issues ranging from developing fine and gross motor skills to preparing children for transition either to the next stage of schooling or for their future careers.

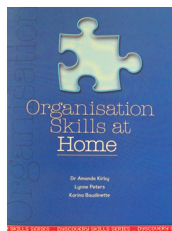

Organisation Skills Pack - School

Price: £13.99

Students may require a variety of approaches when studying. This organisation pack contains a range of practical strategies for students of all ages, including organisation of work, organising self and possessions, frameworks for essays, how to stay on task, movement breaks and many more.

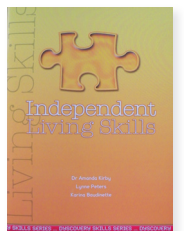

Organisation Skills Pack - Home

Price: £13.99

Gaining organisational and time management skills is essential for all children and adults in order for them to plan, complete and finish tasks in the home, school and eventually the workplace. This skills pack offers a range of practical ideas and strategies that can be worked through to start off this process. These include visual timetables, bedroom organisation, understanding time concepts, homework routines and many more.

Independent Living Skills

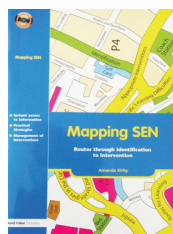

Price: £13.99

Independent living skills covers a wide range of skills necessary to cope with everyday life. These include skills such as self-care including dressing, toileting, eating and drinking. This pack offers a range of practical ideas and strategies including dressing, self care, meal times, using cutlery, bedtime routines and many more.

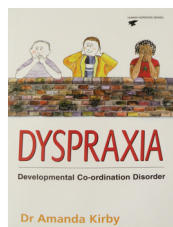

Mapping SEN Price: £22.99

This book and CD provide SENCOs, teachers and teaching assistants with a means of identifying and meeting pupils' special educational needs. It shows how to observe children and cluster symptoms to create tailored approaches for those who have more than one area of difficulty.

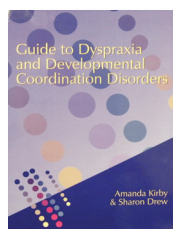

Dyspraxia, Developmental Co-ordination Disorder Price: £12.99

Dr Amanda Kirby, whose second son has Dyspraxia, writes from long experience of the questions parents ask and of strategies that help the child to overcome their problems. What most parents want above all is information, about causes, symptoms, diagnostic procedures and other possible conditions. This book explains all these in simple terms and also includes a glossary of technical words that may be used by professionals.

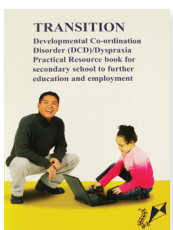

Guide to Dyspraxia and Developmental Co-ordination Disorders Price: £21.99

Built upon the good practice that The Discovery Centre has become so well known for, this book takes a broader view of the difficulties that those with additional needs face. It considers whether this is a health, educational or social difficulty, what the wider implications are for the individual and how they manage at home and in the community. The book looks at what happens, what can be done to help and what changes occur as the child becomes an adolescent and, eventually, an adult.

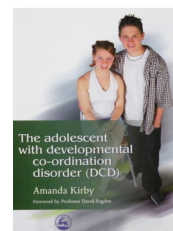

Transition Price: £3.00

This book aims to promote awareness and understanding of Developmental Co-ordination Disorder (DCD) Dyspraxia and associated difficulties. It offers practical information and advice on how to make the transition from school into further education or the workplace.

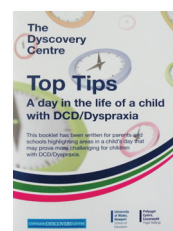

The Adolescent with Developmental Co-ordination Disorder (DCD) Price: £14.50

Adolescence is a difficult time in which children experience great changes in their social environment and self-perception together with physical developments which alter the experience of those with co-ordination difficulties. The vast majority of previous attention has been paid to the age group 5-12 years of age. This book provides practical ideas on how individuals can tackle their difficulties, making this book an essential resource for adolescents with DCD, as well as parents, teachers and health professionals.

Top Tips - A Day in the Life of a Child with DCD/Dyspraxia Price: £0.50

This booklet has been written for parents and schools highlighting areas in a child's day that may prove more challenging for children with DCD/Dyspraxia.

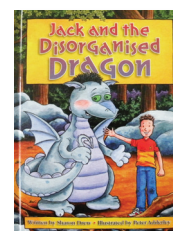

Dyspraxia/Developmental Co-ordination Disorder Price: £0.50

This booklet has been written for a wide range of readers including Parents, Schools, Psychologists, Therapists and Psychiatrists. It provides introductory information on Dyspraxia and Developmental Co-ordination Disorder along with ideas to help.

Jack and the Disorganised Dragon Price: £0.00 (P+P - £1.04)

A magical tale which echoes the experiences of many children with Dyspraxia and other learning difficulties such as Dyslexia and ADHD. To receive a copy Please send a stamped, self-addressed envelope to the value of £1.04 per book to: The Discovery Centre, University of Wales, Newport, Allt-yr-yn Campus, Newport, NP20 5DA. Alternatively you can call us: 01633 432330

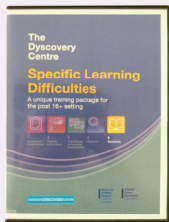

CD ROMS

Specific Learning Difficulties

Price: £40.00

This is an innovative and comprehensive multimedia 3 x 30 minute CD training package which looks at what specific learning difficulties are, the effect they have on adults at home and in the workplace and how to make reasonable adjustments in line with the Disability Discrimination Act.

A Beginner's Guide to Running a Social and Communication Skills Group

Price: £20.00

This book and CD, authored by health professionals, offer suggestions and ideas on how to set up and run a social and communication group for young people and adults. These include: what are social and communication skills, the role of the facilitator and ideas on how to start and continue running a group.

This social skills training CD offers guidance and suggestions in setting up a social skills programme in schools. This has been authored and presented by expert professionals, including a Speech and Language Therapist and a Psychologist.

Discovery Routes to Success

Price: £20.00

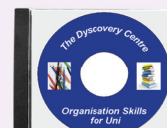

This CD consists of over 100 advice sheets containing a wealth of information and strategies to assist people in a number of different areas affecting everyday life, school, further education and work. The easy-to-use layout allows the individual to guide themselves and find practical solutions.

Organisation Skills for Uni

Price: £12.99

This CD Rom looks at all aspects of university life for students; everything from organising their time, work and living environment, to note-taking, assignment writing, computer strategies and budgeting. Advice summaries for each slide can be printed.

HELPFUL PRODUCTS

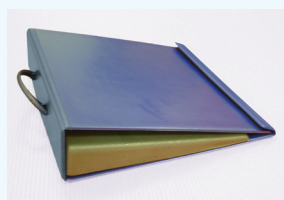

Posture Pack

Price: £64.63

(or sold separately)

Seat Wedge **Price: 25.85**

Writing Slope **Price: 38.78**

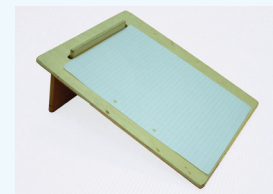

The pack is comprised of a seat wedge which fits neatly inside a large, reinforced, plastic folder that converts to a writing slope. A handle makes it extremely portable and ideal for carrying around between lessons. Available in red and blue. (N.B. The wedge should be placed on a flat surface)

Basic Inclined Writing Board

Price: £14.00

A wooden, fixed angle, collapsible writing board. It can be used at school or at home and enables the child to improve their posture for writing.

Caring Cutlery

Child Price: £12.00

Adult Price: £15.75

Moulded, angled cutlery that helps position and cut using both hands. Useful for individuals with poor bi-lateral integration and hand-eye control.
